Bordea Razvan-Claudiu

Alba Iulia, Romania claudiubordea5@gmail.com https://www.linkedin.com/in/claudiu-bordea/ https://github.com/Cloudiu9

SUMMARY

Junior front-end developer with hands-on experience building React and TypeScript applications and full-stack web projects. Developed and deployed a dissertation project featuring ML-powered recommendations, JWT authentication, and a catalog of 4,000+ movie and TV titles. Experienced with REST APIs, responsive interfaces, testing, Git, and modern frontend tooling. Seeking remote junior roles, building backend skills to grow into full-stack.

SKILLS

Languages: JavaScript, TypeScript
Frontend: React, Tailwind CSS
Tools: Git, GitHub, Vitest, React Testing Library
Expanding: Python, Flask, PostgreSQL, Next.js, Docker

EXPERIENCE

Web Developer Internship | Gypaetus Code | Alba Iulia, Romania | June 2023 - July 2023
- Built a React + Laravel web application integrating an OpenAI-powered chatbot.
- Implemented user authentication, API connections, and deployment workflows using Git and Docker.

PROJECTS

MovieFlix | https://github.com/Cloudiu9/movieflix / | **2026**
- Built a full-stack movie and TV recommendation platform cataloguing 4,000+ titles (2,700 movies, 1,500 TV shows), using React, TypeScript, Tailwind CSS, Flask, MongoDB Atlas, and JWT authentication.
- Designed a hybrid recommendation engine (content-based + collaborative filtering with scikit-learn) to solve the cold-start problem for new users, pairing it with AI-generated explanations and a conversational discovery interface.
- Deployed the app with decoupled frontend/backend hosting (Vercel + Render), handling cross-origin auth and environment configuration across both platforms.

Job Listings | https://github.com/Cloudiu9/job-listings| **2026**
- Built a responsive job listings platform with Next.js, TypeScript, Tailwind CSS, and Redux Toolkit, implementing reusable components and global filter state management.
- Implemented multi-tag filtering across job roles, levels, languages, and tools, with animated list updates using Framer Motion.

Typing Speed Test | github.com/Cloudiu9/typingspeed | **2026**
- Built a typing speed test app with Typescript and Tailwind, calculating live WPM and accuracy as the user types.
- Implemented 3 difficulty levels and 2 game modes, plus persistent personal-best tracking via localStorage.

EDUCATION

Master's in Advanced Programming and Databases | Universitatea "1 Decembrie 1918" Alba Iulia | 2024 – 2026 | Grade: 10

Bachelor's in Computer Science | Universitatea "1 Decembrie 1918" Alba Iulia | 2021-2024 | Grade: 9.51/10

COURSEWORK

The Odin Project - React course | **2026**
- Built SPAs using functional components, hooks, Context API, and React Router; tested with Vitest and React Testing Library.

The Complete JavaScript Course 2024: From Zero to Expert! | **2025**
- Built MVC applications (Forkify, Mapty) with async/await, RESTful APIs, OOP, and functional programming patterns.

LANGUAGES

English – Fluent | Romanian – Native
